PLATINUM CARGO LOGISTICS, INC. ANNOUNCEMENT

Torrance, CA – Platinum Cargo Logistics, Inc. announced today that it has added additional resources in the Chicago, IL metro area. The Illinois territory is a primary market with over 400 freight forwarders serving the state and these additional resources presented a unique business opportunity for Platinum.

Diana Bomar, VP of Business Development commented, “With industry veteran Kevin Sneath becoming part of Platinum Cargo in Chicago, our senior management team had the opportunity to think outside of the box. After much due diligence, we found that there existed no conflict with our current Chicago operation and that by bringing Kevin and his staff on board, there would be great synergies. Our hats go off to Chicago owners Ray Oleferchik and Bill Mancini for their ability to see the long term opportunities and for creating a place at the table for these newest members of the Platinum Team.”

Diana continued, “Kevin and his staff will operate out of their own office located nearer to the heart of Chicago in Bensenville, IL. His team has been primarily focused on International Business Development over the span of many years and they have built strong relationships within one of Platinum’s International Network Partner Affiliations. By becoming a part of Platinum Cargo Logistics, they will be able to continue to serve an impressive base of international customers. Additionally this team has established major air carrier relationships which will add value to Platinum Cargo. Kevin has traveled extensively abroad and attended many meetings to foster and develop those partner relationships, offering air and ocean import and export services with a strong emphasis on a high level of service and proactive communication.”

Platinum Cargo firmly believes that Kevin and his staff will help it continue to grow and further expand its already strong, international business relationships.

Please join Platinum Cargo Logistics in welcoming Kevin and his staff as the newest members of the Platinum Team.
